

Sports & Activities Optional Coverage

We make it easy for your customers to enjoy their travels—their way

At TuGo, we're helping travellers have better travel experiences; and knowing they're covered for the activities they love is an important part of that—that's why Emergency Medical Insurance for Canadians and Visitors to Canada now cover many of the activities they love to do, while away.

Because we've reduced the list of sports and activities that require this coverage, there's little need to plan ahead if they don't want to; your customers can say yes to their bucket list dream activities. That's what makes our travel insurance unique!

Coverage to the extreme

For your more daring customers, all they need is Sports & Activities Optional Coverage to take their travels to the next level.

All sports/activities have a specific surcharge and minimum and maximum premium.

- › If a traveller selects more than one sport/activity, they'll only be charged for the sport/activity with the highest surcharge and will be covered for all sports/activities selected.
- › The policy declaration page will include all the sports/activities that were selected as well as their benefit limits.
- › The traveller must select **all** the specific sports/activities they'll be participating in, or training and practicing for during their trip, and pay the applicable surcharge, or risk not having coverage for those sports/activities during their trip.

Sports & Activities	Limit*	Surcharge	Min. Rate	Max. Rate
Backcountry skiing/snowboarding	Policy limit	200%	\$20	\$200
